

Pan European patient group funding

The European Parkinson's Disease Association (EPDA)

The EPDA is a non-political, non-religious, and non-profit making organisation concerned with the health and welfare of people living with Parkinson's disease and their families. Their aim is to promote international understanding of Parkinson's disease, enabling people living with Parkinson's and their families to draw on best caring practice worldwide, to access the latest medical and surgical advice and thus make informed choices to achieve the best quality of life possible.
