

## Hungary patient group funding

### **Mályvavirág Alapítvány**

Mályvavirág Alapítvány supports women affected by cervical cancer and their families. This goal Foundation organizes its activities around two main pillars: an extensive campaign for increasing cervical cancer awareness, putting smear and vaccination in focus and setting up a rehabilitation program for patients to help them live an entire life again.

We have supported this group since 2015.

#### **During 2018:**

GSK provided a donation of **1 000 000 HUF** for supporting the Foundation's cervical cancer prevention activities (prevention, lay public campaigns, educational materials, etc.)

Percent of overall income for 2018 TBC (May 2019).

## Hungary patient group funding

### **Schopper Gabriella Magyar Lupus Egyesület**

This patient organization was established in 1993 with the primary aim of providing information to people living with lupus and other autoimmune diseases.

We have supported this group since: 2018

#### **During 2018:**

GSK provided a donation of **250 000 HUF** for publication of their magazine (Pillangó), creating their leaflets for patients, and improving their web page.

Percent of overall income for 2018 TBC (May 2019).
