

# Hungary patient group funding

## **Schopper Gabriella Magyar Lupus Egyesület (in English: Association Hungarian Lupus Patients)**

This patient organization was established in 1993 with the primary aim of providing information to people living with lupus and other autoimmune diseases.

We have supported this group since 2018.

### **During 2019:**

- GSK provided a project funding of 340.000 HUF for organizing Lupus World Day in Budapest, Hungary.
- GSK provided a fee-for-service type of payment of 90.000 HUF for the participation of the Association at GSK organised and led Advisory Board in the disease area of lupus.

Our support represented 34 % of their overall income.
