

Taiwan patient group funding

Taiwan AIDS Society

Taiwan AIDS Society is formed by HCPE, the purpose is to advocate for human right for AIDS positive, support the gov with AIDS prevention policies and the healthcare policy.

We have supported this group since 2016.

During 2019:

GSK provided a grant and donation of NT 45,500, for gathering NGOs, PAGs and the gov for a discussion on how to achieve 90-90-90 and what actions should be made in order to support the progress on reaching Undetectable=Untransmissible, one of the worldwide policy goals to achieve 90-90-90.

Our support represented less than 25% of their overall income
