

Hungary patient organisation funding

Mályvavirág Alapítvány (In English: The Mallow Flower Foundation)

The Foundation “for the Cure and Prevention of Cervical Cancer” was established in 2013 and deals specifically with cervical cancer prevention and rehabilitation. The Foundation has become a well-known entity for HCPs, patients, authorities, lay public and the media on the field of cervical cancer prevention and lay public education.

We have supported this group since 2015.

In 2020:

- GSK provided 2,000,000 HUF to support a programme focusing on the patient journey.

Our support represented 5% of their overall income.

In 2018:

- GSK provided 1,000,000 HUF to support the organisation’s cervical cancer prevention activities such as lay public campaigns and developing educational materials.

Our support represented 2% of their overall income.

Schopper Gabriella Magyar Lupus Egyesület (in English: Association Hungarian Lupus Patients)

This patient organization was established in 1993 with the primary aim of educating people living with lupus and other autoimmune diseases.

We have supported this group since 2018.

In 2019:

GSK provided

- 340,000 HUF to support Lupus World Day in Budapest, Hungary.

- 90,000 HUF to support an advisory board that focused on lupus.

Our support represented 34% of their overall income.

In 2018:

- GSK provided 250,000 HUF to support publication of the organisation's magazine (Pillangó), creating educational leaflets for patients and improving their webpage.

Our support represented 17% of their overall income in 2018
