

Ukraine Patient Organisation Funding

The Charitable Organisation “The Charitable Foundation “Patients of Ukraine”

The Charitable Foundation’s goal is to make essential treatment available for all who need it in Ukraine by uniting activists to influence state laws and policies.

We have supported this group since 2020.

During 2020*:

- GSK Pharmaceuticals Ukraine provided a monetary funding of 99 240 UAH, for purchasing of personal protective equipment for healthcare workers of medical institutions who contact patients with COVID-19.

Our support represented 0,32% of their overall income.
