Summary of methodology used by GlaxoSmithKline (Ireland) Limited in preparing the 2020 report on Transfers of Value to Patient Organisations in Ireland.

GlaxoSmithKline (Ireland) Limited works with Patient Organisations that:

- Have the interests of patients at the core of their mission.
- Are credible, independent, and legitimate with official or legal status.
- Have patients and/or carers/caregivers on the board.
- Have robust governance processes such as a constitution, bylaws, or audits.
- Are transparent about funding, with an annual report or equivalent official documentation.
- Are not for profit.

Transfers of Value (ToV): Financial support and/or significant indirect/non-financial support/ payment for contracted services provided by GlaxoSmithKline (Ireland) Limited to a Patient Organisation:

- The monetary value of financial support.
- The non-monetary benefit that the PO receives when the non-financial support cannot be assigned to a meaningful monetary value.

Reporting period: This report covers payments and non-monetary support provided during the 2020 calendar year.

Preparation of disclosure report:

Information on projects with and support of patient organisations is taken from the records of our patient organisation oversight committee.

These data are compiled into an annual report, reviewed, approved and disclosed on our website:
