

# Slovenia patient organisation funding

## Društvo informacijski center **Legebitra - Expert meeting HIV; Ljubljana, Slovenia**

Legebitra is a LGBT civil society organization, supporting human rights, education, mental, physical and sexual health. This organisation provide accessible, confidential and professional services, supporting and empowering individuals within the LGBT community, and people with HIV. On 29<sup>th</sup> November 2021, Phoenix, representing GSK/ViiV, sponsored the organisation's annual conference to coincide with World Aids Day.

In 2021:

- Phoenix provided 4,500.00 EUR for the purpose of sponsoring this conference, with a non-promotional booth and a non-promotional satellite symposium dedicated to the ongoing needs of people with HIV.

Our support represented 0.76 % of their overall income

## **TREPETLIKA, društvo bolnikov s parkinsonizmom in drugimi ekstrapiramidnim motnjami**

The Trepetlika Association is an association of patients with parkinsonism and other extrapyramidal disorders and has more than 1000 members (i.e. patients and caregivers). In addition to patients with Parkinson's disease, the association also includes patients with dystonia and Huntington's disease. It has been operating for 30 years as an independent, voluntary form of association of citizens, with the professional assistance of the competent health and care service. The Association has the status of a humanitarian and voluntary organization and operates throughout Slovenia.

We have supported this group since 2006.

In 2020:

- GSK provided 1.000,00 EUR for the purpose of covering the cost of publishing the organisation's newsletters.

Our support represented 1% of their overall income

In 2019:

- GSK provided 1.000,00 EUR for the purpose of covering the cost of publishing the organisation's newsletters.

Our support represented 1.2 % of their overall income

### **Društvo za cistično fibrozo Slovenije**

The Cystic Fibrosis Association of Slovenia, founded in 2009, brings together patients with cystic fibrosis (CF), their relatives, medical and other staff from various professional fields, and all persons who wish to be members of the association. The purpose of the association is to provide organized assistance to all patients with cystic fibrosis and their families to achieve a higher quality of life, which contributes to a better and longer life for patients. The association intends to solve and alleviate social hardships and problems of people, to provide assistance to patients whose health or life is endangered and to strengthen their health.

We have supported this group since 2010.
