

# [Colombia] Patient Organisation Funding

## **Corporación Red Somos**

Is a social organization that has been working for 12 years for the recognition of the following: diversity, human rights, well-being, sexual and reproductive health through community strengthening, social research, participation, and political advocacy. In particular it develops its work with people from the LGBTI social sectors, people living with HIV / AIDS and young people.

We have supported this group since 2018.

### **During 2021:**

GSK provided a Grant of £25000 for a project to build a relationship network in LATAM that is committed to work to improve the knowledge of U=U (undetectable=untransmissible) in the general population, doctors and health professionals.

Our support represented 20% of their overall income

## **Fundación para la fibrosis quística y otras enfermedades respiratorias - Fiquires**

Non-profit organization whose experience is directed to the development of activities that favours the welfare of the population who suffer from respiratory diseases and their families. They advocate for patients, their families and their children, to overcome indifference towards this population, with integral commitment, love and faith for human dignity. Their aim is to achieve a positive impact on the quality of life of the patient and their environment. This organization promotes and contributes with their expertise to public policy, public research, and science.

We have supported this group since 2020.

### **During 2021:**

- GSK provided a Grant of £9090 for a project to implement its annual awareness and education campaign about the importance of early diagnosis and control of respiratory diseases, highlighting the value of adherence to treatments formulated by treating physicians.

Our support represented 14% of their overall income

## **Fundación Ancla**

Is an organization that works for public health in Colombia and Latin America with the aim of establishing their health as a universal right and promote that patient's access to treatment and accompaniment to health conditions is guaranteed.

We have supported this group since 2020.

### **During 2021:**

GSK provided a Grant of £27607 for a project to make a strategic alliance with other patient societies in the region, whose objective is to improve the quality of life and reduce the rate of stigma and discrimination of people living with HIV or AIDS in Latin America (Colombia, Peru, Chile, Argentina, Mexico and Brazil).

Our support represented 15% of their overall income
