

UK Patient Organisation Funding

Target Ovarian Cancer

During 2021 GSK provided funding of:

- £10,000 to expand nurse led support line, supporting women with ovarian cancer during and beyond the pandemic
- £120.00 Fee for Service: Virtual internal event providing GSK an insight into the disease, impact on patients and their families

Our support represented 0.003% of their overall income in 2021
