

Israel patient group funding 2021

The Israel AIDS Task Force

The Israeli Aids Task Force is responsible for the education and prevention of AIDS and for the protection and support of people living with AIDS in Israel.

We have supported this group since 2001.

During 2021:

GSK provided a core funding and donation of EURO 28,810, for:

- PLHIV conference.
- Women and HIV- issues that are relevant specifically to women living with HIV.
- newsletter and magazine.
- raising public awareness to HIV tests and their importance, through social media, digital media, radio, TV and such
- State of the Art Project - Raising awareness to PLHIV through artistic work that will be conducted in pairs of art student & PLHIV. This artistic work will focus on anti-stigma and will be printed on textile as well as published through social media.

Our support represented ~5% of their overall income

The Society for Patients Rights in Israel

This organization helps patients and their families claim their healthcare rights and obtain necessary services from the health plans, hospitals and other medical facilities.

We have supported this group since 2011.
