

Hong Kong Patient Organisation Funding

Community Health Organization for Intervention, Care and Empowerment Ltd. (CHOICE)

CHOICE is an NGO focusing on disease prevention education and empowerment, especially issues relating to HIV/AIDS. Its services cover community and online outreach, HIV quick test, HIV counselling and drug abuse counselling.

We have supported this group since 2016.

During 2021:

- GSK provided
 - a grant of HK\$500,000 to support the HIV Awareness Program
 - a sponsorship of HK\$300,000 to support the HIV/AIDS Conference 2021

Our support represented 8% of their overall income

Hong Kong Lupus Association

HKLA is coadjutant and self-helping organization founded by a group of Systemic Lupus Erythematosus (SLE) sufferers, which is established since 1988. The group aims at sharing experiences, caring and providing assistance to SLE sufferers and helping them to face and treat SLE as well as raising the public's awareness and understanding about SLE through publishing newsletter, organizing health talks and activities

We have supported this group since 2020.

During 2021:

- GSK provided grant of HK\$140,000 to support the SLE disease awareness program

Our support represented 20% of their overall income

The Hong Kong Society for Rehabilitation

The Hong Kong Society for Rehabilitation (HKSR) was established in 1959 and is the pioneer in rehabilitation services in Hong Kong. After years of development, HKSR now provides one-stop services for persons in need, ranging from rehabilitation, health management, accessible transport and travel, supported employment and elderly care services, to allow persons with disabilities and chronic illnesses to restore their potential and participate in the community, living a special fulfilling life with dignity.

We have supported this group since 2019.

During 2021:

- GSK provided a grant of HK\$50,000 to support the Barrier Buster 2021

Our support represented 0.01% of their overall income

Rare Disease Hong Kong Limited (formerly known as The Hong Kong Alliance for Rare Diseases)

Rare Disease Hong Kong Limited (RDHK, formerly known as The Hong Kong Alliance for Rare Diseases, is the first patients' group in Hong Kong comprising cross-rare disease patients and caregivers with the support of professionals and academics in the field. They are committed to improving the related policies and services; promoting public education on rare diseases; and strengthening the community's support to patients, in order to ensure the patients' fundamental rights in healthcare, social support, education and daily needs are properly attended.

We have supported this group since 2016.

During 2021:

- GSK provided
 - a grant of HK\$20,000 to support the Rare Disease Symposium 2021

Our support represented 0.4% of their overall income

The Society for AIDS Care

The Society for AIDS Care (SAC) established in November 1994, is a community-based and non-profit making charitable organization. It is the first non-governmental organization in Asia providing high quality direct patient care services to children, women, adults and elderly people living with HIV/AIDS (PLHIV) and their care givers in the community, as well as implementing women phone-in hotline and free HIV and Syphilis testing service. With the active work in the LGBTQ community, we are unique in delivering HIV prevention to link up with treatment and care for the affected.

We have supported this group since 2016.

During 2021:

- GSK provided grant of HK\$200,000 to support education seminars

Our support represented 2% of their overall income
