The Code
Our strategy

We prevent and treat disease with vaccines, specialty and general medicines.

We focus on science of the immune system, human genetics, and advanced technologies investing in 4 core therapeutic areas and future opportunities to impact health at scale.

We operate responsibly for all our stakeholders by prioritising Innovation, Performance and Trust.

Our culture

We are ambitious for patients to deliver what matters better and faster.

We are accountable for impact with clear ownership and support to succeed.

We do the right thing with integrity and care because people count on us.

Our purpose

We unite science, technology and talent to get ahead of disease together for health impact + shareholder returns + thriving people

Ahead Together
Welcome to The Code

This is our Code
It outlines the commitments we ask everyone to make together.

Why do we ask for these commitments?

To deliver our purpose and ambitions
For patients, shareholders and our people.

To make our culture real
So we are ambitious for patients, accountable for impact and do the right thing.

To create an outstanding place to work
Where everyone can thrive.

The Code has two parts:

01. GSK’s commitments
02. My commitments

We ask everyone at GSK to put their names to our Code with pride.

Because we are GSK and 2.5 billion people count on us to get it right.

Part 01
GSK’s commitments

GSK commits to get ahead together:

We are ambitious for patients, investing in innovation and growth at pace to achieve health impact at scale.

And we help our people thrive

We recruit and develop outstanding people: people who believe in our purpose, live our culture and want to help us achieve our ambition.

We are accountable for our impact, setting focused objectives with clear measures of success.

We expect managers to motivate, focus, develop and care for their teams.

We do the right thing, as a responsible company, aiming to lead the way on issues that matter.

We recognise, celebrate and reward success — the progress we deliver and how we deliver it.

As a responsible company

We are a force for good, with ambitious targets for positive impact on the health of people, society and the planet.

We manage risks effectively, take action if things go wrong and we respect human rights.

We create a place where people can grow, be their best, be safe, and feel welcome, valued and included.
Part 02

My commitments

I commit to get ahead together:

I will be ambitious for patients, focusing on delivering the things that matter better and faster, without compromising safety or quality.

I will be accountable for my impact owning my work and supporting others to succeed.

I will do the right thing, with integrity and care, complying with applicable laws, regulations, standards and polices – and I will speak up if things don’t feel right.

So that together...

We work to seize opportunities, solve problems and make informed decisions at pace.

We challenge and encourage each other to be our best and deliver GSK’s ambitions.

We make GSK a company that everyone trusts.

And I will help make GSK a place where everyone can thrive

I will own how I grow and help motivate, focus, develop and care for the people I work with.

I will be inclusive and conscious of the impact I have on others.

I will play an active role in making GSK a great place to work.

So that together...

We support everyone’s wellbeing in a safe and respectful environment.

We can all learn and grow with support, feedback and space to succeed.

We celebrate success and inspire great performance through leadership and teamwork.
My commitments

I commit to the Code

I will be ambitious for patients

I will be accountable for my impact

I will do the right thing, comply with laws and GSK policies and standards, and speak up

I will support people to thrive

So that we get ahead together
