Cautionary statement regarding forward-looking statements

This presentation may contain forward-looking statements. Forward-looking statements give the Group’s current expectations or forecasts of future events. An investor can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as ‘anticipate’, ‘estimate’, ‘expect’, ‘intend’, ‘will’, ‘project’, ‘plan’, ‘believe’, ‘target’ and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, prospective products or product approvals, future performance or results of current and anticipated products, sales efforts, expenses, the outcome of contingencies such as legal proceedings, and financial results.

Other than in accordance with its legal or regulatory obligations (including under the UK Listing Rules and the Disclosure and Transparency Rules of the Financial Conduct Authority), the Group undertakes no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise. Investors should, however, consult any additional disclosures that the Group may make in any documents which it publishes and/or files with the US Securities and Exchange Commission (SEC). All investors, wherever located, should take note of these disclosures. Accordingly, no assurance can be given that any particular expectation will be met and investors are cautioned not to place undue reliance on the forward-looking statements.

Forward-looking statements are subject to assumptions, inherent risks and uncertainties, many of which relate to factors that are beyond the Group’s control or precise estimate. The Group cautions investors that a number of important factors, including those in this document, could cause actual results to differ materially from those expressed or implied in any forward-looking statement. Such factors include, but are not limited to, those discussed under Item 3.D ‘Risk factors’ in the Group’s Annual Report on Form 20-F for 2014 and those discussed in Part 2 of the Circular to Shareholders and Notice of General Meeting furnished to the SEC on Form 6-K on November 24, 2014. Any forward-looking statements made by or on behalf of the Group speak only as of the date they are made and are based upon the knowledge and information available to the Directors on the date of this report.

A number of adjusted measures are used to report the performance of our business. These measures are defined in our Q1 2015 earnings release and annual report on Form 20-F.
The unaudited pro forma financial information in this presentation has been prepared to illustrate the effect of (i) the disposal of the oncology assets, (ii) the Consumer Healthcare joint venture (i.e. the acquisition of the Novartis OTC Business), and (iii) the acquisition of the Vaccines business (which excludes the Influenza Vaccines business) on the results of the Group as if they had taken place as at January 1, 2014.

The unaudited pro forma financial information has been prepared for illustrative purposes only and, by its nature, addresses a hypothetical situation and, therefore, does not represent the Group’s actual financial position or results. The unaudited pro forma financial does not purport to represent what the Group’s financial position actually would have been if the disposal of the Oncology assets, the Consumer Healthcare joint venture and the Vaccines acquisition had been completed on the dates indicated; nor does it purport to represent the financial condition at any future date.

In addition to the matters noted above, the unaudited pro forma financial information does not reflect the effect of anticipated synergies and efficiencies associated with the Oncology disposal, the Consumer Healthcare joint venture and the Vaccines acquisition.

The unaudited pro forma financial information does not constitute financial statements within the meaning of Section 434 of the Companies Act 2006. The unaudited pro forma financial information in this presentation should be read in conjunction with the financial statements included in (i) the Group’s Q1 2015 earnings report dated May 6, 2015 and furnished to the SEC on Form 6-K, (ii) the Group’s Annual Report on Form 20-F for 2014 and (iii) the Circular to Shareholders and Notice of General Meeting furnished to the SEC on Form 6-K on November 24, 2014.
